

Nishant Kashyap

Chief Steward TAs/Unit-1 (Monthly Report January 2021)

Welcome all there are some crucial updates regarding unit-1 i.e TAs. I am working on many issues most importantly scope issue and other grievances. Last Thursday there was an event hosted for the stewards of the social sciences faculty to meet and greet and discuss unit-1 rights and benefits which took a lot of my time to organize it. I am trying to have such events for other faculties in collaboration with other organizations on campus so that members know more about CUPE and their rights. Also, some stewards participated in the stewardship courses like Anti-oppression training, CUPE national as well the course on organizing things at work place etc. Currently we have a strong network stewards in different departments and some stewards has recently joined also. There have been several significant actions which the CUPE-3906 has pressed hard for the larger benefit of our Unit-1 members i.e Tas/Ras in lieu. Our current stewards are playing a great leadership role within their departments by working hard to ensure a proper and a better operational synergy with CUPE-3906 and their departments. I want to make sure this year to try my best so that all issues which our unit-1 members are facing can be resolved soon. I wish you all a good health and please stay safe. For any questions please feel free to contact me anytime

In solidarity,

Nishant Kashyap
