

Prison Worker Solidarity Working Group:

At our first meeting the working group appointed two co-chairs, including a member from the Hamilton community. The PWSWG became active last Spring during the pandemic, and so has focused on supporting organizations already working to support those recently released from prison as well as organizations doing jail support. This year we supported the Barton Prisoner Solidarity Project, the Prisoner Emergency Support Fund, CPEP's Jail Accountability and Information Line, SWOP Behind Bars, Incarcerated Workers Organizing Committee, and more.
