

Since joining CUPE, I have actively participated in several union meetings, committees, and events to better understand the union's activities and contribute to its work. I attended meetings and events including the Equity Action Committee (EAC), Undergraduate Committee, Executive Committee, Benefits Committee, Transition Meeting, Labour-Management Committee (LMC), and Orientation. These meetings have provided me with an opportunity to engage with other members, learn about ongoing union matters, and support the work of the union.

In addition to attending meetings and events, I have also contributed to the administrative work of the Executive Committee. I prepared and drafted minutes for Executive meetings and assisted with preparing the agendas for the August Executive meeting and the General Membership Meeting (GMM). Through these responsibilities, I have gained a better understanding of CUPE's meeting procedures and have supported the Executive in organizing and documenting its activities.
