

Recording Secretary Report

CUPE Local 3906

Submitted by: Zeeshan Ul Haq, Recording Secretary

Reporting period: Since the last General Membership Meeting

Community Engagement and Local Events

Since the last meeting, I have been actively involved in several local events to strengthen member engagement and increase the visibility of our Local. On September 9, I attended the Resource Fair, where I connected with members and shared information about the union and the support available to them. On September 15, I represented CUPE 3906 at Clubfest, helping to promote the Local to the wider campus community and speaking with prospective and current members. On September 22, I attended the CUPE 3906 Unit 3 Postdocs Social, which offered a good opportunity to meet postdoctoral members and hear their concerns and experiences. Finally, on September 23, I attended the Lead Steward Orientation to build my understanding of steward responsibilities and support our Local's representation work.

Committee Work

I attended the Bylaw Committee meeting and took part in discussions on the review and development of the Local's bylaws.

Secretarial Duties

During this period, I coordinated and arranged the Executive Committee meetings and the General Membership Meetings (GMM). I also prepared the minutes for the Executive and GMM meetings held in August and September, which are available for review and approval.

Respectfully submitted,

Zeeshan Ul Haq

Recording Secretary, CUPE Local 3906
