Women & Gender Rights Committee Report

Reporting Period: September–October 2026

During September, the Women & Gender Rights Committee held committee meetings to discuss planning, coordination, and upcoming activities. In collaboration with the Equity Committee, we organized and hosted **Union Voices, Community & Connection** event on Friday, September 25, from 1:00 p.m. to 3:30 p.m. at the Office of Community Engagement, 8 Mayfair Crescent.

The event brought union members together for an outdoor community gathering focused on connection, learning, and engagement. Members had the opportunity to enjoy food, connect with colleagues, and learn about their union rights, benefits, resources, and supports. The gathering also provided an opportunity to share information about upcoming bargaining, mobilization, and ways for members to get involved. The event supported our committees' ongoing commitment to building community, strengthening member engagement, and fostering an inclusive and supportive union environment.
